

Parking at the Sheraton

Below is a brief description of how the overnight and day parking processes work at the Sheraton Portsmouth Harborside Hotel.

How it Works

Overnight Parking:

Guests staying overnight will choose from valet parking for \$35 per night when they pull up to the front door or self-parking for \$20 per night. The self-parking is located in the gated outdoor lot adjacent to the Sheraton.

Guests will get a ticket upon entering the lot and when departing the guest will use their room key to depart the lot.

Day Use Parking:

Guests will choose from valet parking when they pull up to the front door or self-parking. Valet parking is a \$15.00 daily charge.

Self-parking is in the gated outdoor lot adjacent to the Sheraton. When departing the lot the guest will insert the ticket and pay the electronic reader at the parking gate upon departure.
